Overdue Fines

The Wayne Public Library does not charge overdue fines. If you use your library card at another library or check out another library's items, they may still charge overdue fines.

Library Card Usage

1. Library cards can be issued to City of Wayne residents with valid identification. Valid forms of identification include a Michigan Driver's License or a State of Michigan Identification Card. Expired licenses/cards are not valid and will not be accepted. Library cards may also be issued to people who provide documentation showing they own property in the City of Wayne but live elsewhere.
2. All patrons must produce a valid library card to check out library materials or to use the library computers.
3. Library users who do not have a valid library card may request a guest pass to use the library computers.
4. Patrons may have no more than 100 items checked out at one time.
5. Patrons with overdue fines of \$5.00 or more, 10 or more overdue items, or a lost item will not be allowed to check out material or use the library computers.
6. There is a two renewal limit for all items checked out.
7. Non-resident library cards are available for purchase for \$100 annually and can only be used at the Wayne Public Library.
